Technical Data Sheet

Designation FRAME WITH DOOR 300x600MM, STAINLESS STEEL, FOR FIRE SERVICES

Brand IMPARTE/IMPARTEX **Ref. No.** AR.P01

General Description

Imparte Frames and Doors: Standard and Custom Solutions

Imparte offers technical solutions in frames and doors for construction projects, technical installations and fire compartmentation.

- Standard: models in conventional sizes, ready to install, ideal for projects with tight deadlines.
- Customisation: made to measure, with a choice of dimensions, opening type, locking system and finishes.
- Materials: electro-galvanised sheet steel or stainless steel, resistant to humidity, corrosion and wear.
- Finishes: electrostatic painting or powder coating in any approved RAL colour.
- Extras: glass windows, photoluminescent signage, adhesive identification, Yale-type locks or quick-release latches.

This flexibility allows the technical elements to be integrated harmoniously into the architecture of the space, respecting aesthetic, functional and regulatory criteria and ensuring accessibility and safety in the surrounding space.

Features

- Frame and solid door in brushed 304 or 316 stainless steel, 1.25mm, with 50mm flange;
- Door opening no less than 180°;
- Universal stainless steel hinge system;
- Right-hand or left-hand opening door;
- Imparte latch made of grey and red polyethylene, protected by a breakable acrylic seal for emergency opening;
- Dimensions 300x600mm;
- Flush/surface/projecting mounting;
- Recessed version;
- Resistant to corrosion and abrasion;
- Brushed surface that is easy to clean without leaving marks or stains;
- Angled corners for greater protection and safety of building users;

Additional Products

- Made in electro-galvanised sheet steel;
- Yale-type or triangular lock;
- Painted in another RAL colour, provided it is approved in the project/by site supervision;
- Assembly and/or connection accessories not included, unless specified in the product features;

How to order

- Ref. AR.P01_Frame with door 300x600mm stainless steel.

For a custom product, please provide the following information:

- Exact dimensions of the installation niche
- Technical details relevant to the project;
- Specific site conditions or applicable regulatory requirements;

This information is essential to ensure the compatibility, functionality and quality of the solution supplied.

As an innovative company, IMPARTE S.A. reserves the right to change product specifications, models and standard equipment without prior notice and without incurring any obligation.
