Technical Data Sheet

Designation DOOR FOR IMPARTE HOSE REEL CABINET, ELECTRO-GALVANISED, 600x600 OR 650x650MM

Brand IMPARTE/IMPARTEX **Ref. No.** AR.P100

General Description

Imparte Frames and Doors: Standard and Custom Solutions

Imparte offers technical solutions in frames and doors for construction projects, technical installations and fire compartmentation.

- Standard: models in conventional sizes, ready to install, ideal for projects with tight deadlines.
- Customisation: made to measure, with a choice of dimensions, opening type, locking system and finishes.
- Materials: electro-galvanised sheet steel or stainless steel, resistant to humidity, corrosion and wear.
- Finishes: electrostatic painting or powder coating in any approved RAL colour.
- Extras: glass windows, photoluminescent signage, adhesive identification, Yale-type locks or quick-release latches.

This flexibility allows the technical elements to be integrated harmoniously into the architecture of the space, respecting aesthetic, functional and regulatory criteria and ensuring accessibility and safety in the surrounding space.

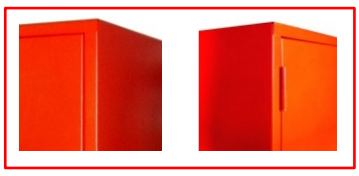

Features

- Door in 1.25mm or 1.5mm electro-galvanised sheet steel;
- 70µm thermosetting electrostatic powder coating, RAL 3000 "Red";
- Solid door;
- Door with opening angle no less than 180°;
- Right-hand or left-hand opening door;
- Imparte latch made of grey and red polyethylene, protected by a breakable acrylic seal for emergency opening;
- Universal hinge system;
- Dimensions 600x600mm model A;
- Dimensions 650x650mm model B;
- Low maintenance and durability;

Additional Products

- Made in 304 or 316 stainless steel;
- Yale-type or triangular lock;
- Painted in another RAL colour, provided it is approved in the project/by site supervision;
- Photoluminescent signage in accordance with 92/58/EEC not included;
- Assembly and/or connection accessories not included, unless specified in the product features;

Model A

Model B
