Technical Data Sheet

Designation METRO-MODEL THEATRE-TYPE FAÇADE HYDRANT VALVE, 1”1/2 INLET

Brand IMPARTE / IMPARTEX **Ref. No.** BCI18; BCI19

General Description

The Imparte theatre-type hydrant valve, Metro model, is complete firefighting equipment fixed to the wall and connected directly to the water supply network. It was designed for installation in places with high occupancy and/or large concentrations of people, ensuring that the extinguishing system is easy for fire brigades to identify and reach. It allows fast, effective intervention, as it works with water from the mains supply.

Features

- Brass and copper body with 70µm thermosetting electrostatic powder coating, RAL 3000 "Red“ ;
- Opening by 1” ½ ball valve;
- Rubber seal;
- High durability and corrosion resistance;

Connections

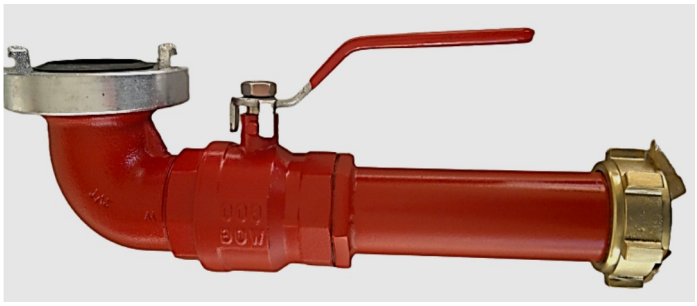

- 1”1/2 female BSP inlet;
- 45/50mm fire-service thread outlet;
- 52mm Storz flange outlet with cap;

Additional Products

- Box made of electro-galvanised sheet steel;
- Box made of 304 or 316 stainless steel;
- Storz couplings;
- Photoluminescent signage in accordance with 92/58/EEC not included;

How to order

- Ref. BCI18: Theatre-type hydrant valve, Metro model;
- Ref. BCI19: Theatre-type hydrant valve, Metro model, with Storz.
