Technical Data Sheet

Designation **FIXED INDUSTRIAL WASHDOWN HOSE REEL, 12BAR, 20M/25M HOSE**

Brand **IMPARTE/IMPARTEX** **Ref. No.** **CR010**

General Description

The Imparte Fixed Industrial Washdown Hose Reel was designed specifically for industrial cleaning operations at pressures up to 12 bar.

Installed directly on a wall, it offers a practical and efficient solution for quick work with pressurised water in industrial environments.

This fixed model, without a protective cabinet, stands out for its immediate accessibility and lower installation costs. The rotating drum makes it easier to unwind the hose, ensuring greater agility and ergonomics in cleaning and maintenance work. In addition, the green colour clearly identifies the equipment's function, allowing users to recognise its purpose in the workplace quickly.

It is widely recommended for cleaning and maintenance tasks in many sectors:

- Loading bays and docks, waste plants, mechanical or heavy machinery workshops, car parks, condominiums, industrial kitchens, abattoirs, wholesale fish or meat markets, livestock facilities such as stables, shipyards, marinas and sports venues.

Features

- Imparte hose reel consisting of two cold-rolled steel discs, ⌀530mm, fitted to a ⌀200mm drum, dimensions 575x220mm, 70µm thermosetting electrostatic powder coating, RAL 6024 “Green”;
- Brass swivel joint with axial feed from the mains, through the mounting bracket;
- 1” brass ball valve;
- Semi-rigid hose ⍰25mm, anti-static, abrasion-resistant, maximum working pressure 1.2MPa. Certif certified in accordance with EN 694:2001; black; with a 1” female end fitting at each end;
- 25mm brass nozzle with 3 positions spray/jet/shut-off;
- Nozzle holder and omnidirectional guide allowing the hose to be unwound in any direction;
- Operating temperature: -10 °C to +60 °C;
- Chemical compatibility: designed for use with water and neutral cleaning solutions. Not suitable for hydrocarbons (fuels/oils), flammable fluids or solvents;

Standards, certificates, marking and documentation

- Equipment exclusively for washdown and industrial purposes;
- Not for use in fire hose networks / does not comply with EN 671-1.

How to order

- Ref. CR010__washdown hose reel with 20m;
- Ref. CR010A_washdown hose reel with 25m.
