Technical Data Sheet

Designation **WALL OR CEILING HOSE REEL, NO CABINET, WITH 20M/25M/30M HOSE**

Brand **IMPARTE/IMPARTEX** **Ref. No.** **CR046**

General Description

The Imparte fire hose reel, designed for direct mounting on a wall or ceiling, is a practical and effective solution for a rapid response in emergencies. This fixed model, without a protective cabinet, stands out for its immediate accessibility and economical installation.

The structure allows the drum to rotate, making it easier to unwind the hose and handle it with greater agility during firefighting. The absence of a cabinet makes the equipment visible and ready for use, without obstacles or delays.

Recommended for indoor spaces where speed of access and operational simplicity are crucial — such as garages, corridors, supermarkets, schools, offices, industrial units, pharmacies, cinemas or sports venues — this hose reel offers a reliable and efficient response in demanding environments.

Features

- Imparte hose reel consisting of two cold-rolled steel discs, ⌀530mm, fitted to a ⌀200mm drum, 70µm thermosetting electrostatic powder coating, RAL 3000 "Red";
