Technical Data Sheet

Designation IMPARTE HOSE REEL: SWING ARM

Brand IMPARTE/IMPARTEX **Ref. No.** CRB03; CRB04

General Description

The Imparte hose reel components and parts, including mechanical elements, structural parts and accessories, form the functional structure of the equipment and ensure its correct operational performance. They keep the hose reel in ideal operating condition, reducing the likelihood of faults and making preventive or corrective maintenance easier.
Using original components and parts ensures alignment with Imparte's specifications as manufacturer.
All components are produced from materials suited to the demands of firefighting systems and undergo control processes that ensure perfect compatibility and consistent operation.

Features

- Swing arm for the hose reel drum;
  Central shaft in Ø19mm steel tube;
  Side arm in Ø16mm steel tube and 50x3mm folded bar;
  Glass-fibre reinforced nylon cross piece;
  Upper and lower base swivels for fixing to the cabinet, in PP.

How to order

- Ref. CRB03_ Swing arm for right-hand hose reel;
- Ref. CRB04_ Swing arm for left-hand hose reel;

As an innovative company, IMPARTE S.A. reserves the right to change product specifications, models and standard equipment without prior notice and without incurring any obligation.
