Technical Data Sheet

Designation 50CM TRAFFIC CONE, RUBBERISED PVC, WITH REFLECTIVE BANDS

Brand IMPARTE/IMPARTEX **Ref. No.** DV22 C

General Description

The 50cm reflective rubberised PVC traffic cone features:

- Maximum safety: the reflective cone was developed to mark and guide the movement of people and vehicles effectively, ensuring order and protection in any environment.
- Commonly used at roadworks, construction areas, events or accidents to control the flow of vehicles and pedestrians.
- Superior durability: made in a single piece of high-strength flexible PVC, it withstands wear and corrosion, maintaining performance even in demanding outdoor conditions.
- Unbeatable visibility: fitted with two weather-resistant reflective bands, it stands out immediately and is clearly visible in different lighting conditions, day or night.
- Practical to use: the design of the top makes it easy to carry, place and remove, making it quick and simple to use in many situations.

Features

- Fluorescent orange traffic cone made of flexible rubberised PVC with reflective sleeves;
- Dimensions: 300x300x500; 50cm high and 30cm base;
- Approx. weight: 1.5kg;
- 360° visibility;
- Durability and strength.
